sharing hope, health and life

Legacy Giving

A Gift of Hope

Investing in sustainable change for the most vulnerable. Creating positive health outcomes for future generations.

Medical Mission Aid

Through a Legacy Gift, you can make a profound difference to the health and lives of the most impoverished people in the world. You may never meet the people whose lives your kindness changes, but they will not forget you.

MMA's vision is to enable a sustainable improvement in the health of all people in vulnerable communities in developing countries. A key strategic objective is to ensure access to healthcare for all, especially those in remote regions. MMA's work targets marginalised populations such as people with disability, children, women and those with Leprosy and other diseases of poverty, such as Typhoid and Malaria.

In recent years, MMA has provided hundreds of scholarships to students from disadvantaged backgrounds to train as doctors, nurses, dentists, pharmacists and audiologists. This has not only strengthened their local health systems, but has created employment opportunities, lifting the students as well as their families and communities out of poverty. Crucial medication, medical equipment and supplies have been made available to struggling remote hospitals to improve patient care. Partnering with local organisations in preventative health initiatives, such as the clean water project in Kenya, has also had a significant, life changing impact.

Transforming lives by partnering with local Indigenous organisations to empower and build local capacity

Why leave a Legacy Gift to Medical Mission Aid?

Medical Mission Aid celebrated its Centenary in 2020, marking 100 years of improving of the health of those less fortunate. This has only been possible through the prayers and generosity of our wonderful MMA friends and supporters. Together, we have made a significant difference to many lives, and look forward with hope to many more years of service.

As an example of the power of a Legacy Gift, MMA was recently at a crossroads with the closing of their Op Shop. A timely Legacy Gift enabled MMA to continue collaboration with overseas partners to strengthen the health systems in their countries. As a result of this thoughtful contribution, many lives have been saved, and many more changed forever. This illustrates the potential of a Legacy Gift- sustainable change which transforms current communities and impacts future generations.

Thank you for your prayerful consideration of a Legacy Gift to Medical Mission Aid.
